EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Allan J. Jacobson on September 13, 2005.

2. The application has been amended as follows:

In the claims:

Claim 2, lines 21 & 22 have been deleted; line 24: "to said second mode on the individual sample by sample basis" has been changed to "to said second mode".

Claims 9 & 19, line 2: "the constant modulus algorithm" has been changed to "the constant modulus algorithm of the first individual signal sample".

Claim 12, lines 16 & 17 have been deleted.

3. The following is an examiner's statement of reasons for allowance:

Claims are allowable over prior art of record because the prior art of record does not teach or suggest, alone or in a combination, among other things, at least a method or apparatus for operating the feedback equalizer filter as a whole, the combination of elements and features as claimed, which includes switching from said second mode to said first mode responsive to a first individual signal sample including measuring the quality level of individual signal samples in the hard decision and soft decision samples;

coupling the soft decision samples to the feedback equalizer filter when the quality level is at a first quality level; coupling the hard decision samples when the quality level is at a second quality level, wherein the second quality level is greater than the first quality level as claimed.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
